

Kissing Point Cricket Club

JUNIOR BLASTERS

An Introduction

The JUNIOR BLASTERS program is an introductory cricket program for boys & girls aged 5 - 7 years.

The program runs for 11 weeks at Kissing Point Cricket Club, Auluba Oval, South Turrumurra.

The aim of the program is to introduce children to cricket skills and activities in a structured manner with an emphasis on fun. The program covers a range of fundamental motor skills important to childhood development – hitting, catching, throwing, running, stopping, balance and co-ordination. It also caters for varying individual skill and age levels. In addition it involves important social skills including teamwork, cooperation, communication, and learning how to approach winning and losing.

The program seeks to fulfill the following objectives & provide each child with the opportunity to develop:

1. Cricket skills which enables participation in a variety of games and activities within your club structure.
2. Physical fitness.
3. Knowledge and understanding of cricket and strategies.
4. Social skills which promote acceptable standards of behavior and positive relationships with others.
5. Attitude and values that will encourage participation in and enjoyment of sport in general and the game of cricket in particular, both as a participant and spectator.

The program also offers the chance for parents to get involved as volunteers.

How do I register for the JUNIOR BLASTERS program?

Register online from our website kissingpointcc.com.au

What do I do if I can't come to my first JUNIOR BLASTER session?

Just register online from our website kissingpointcc.com.au and attend the next available session.

What happens if it rains on the day of my JUNIOR BLASTER session?

Please come if it rains on the day of the first session. Registration of participants and further information will happen in Week 1 no matter how the weather is. Your instructors will tell you at this session what to do if it rains in other weeks. Always ON unless it pours. If it is raining usually the kids will still want to play. So we set up limited equipment and let all the kids have a bat & bowl.

How old do I need to be to participate in JUNIOR BLASTERS?

The program is for boys & girls aged between 5 - 7 years old. Children 7 and older tend to want to play the game from the television. This is catered for by the our T20 MASTER BLASTERS program run on Friday evenings at Auluba (Ages 7 to 9).

What ability is JUNIOR BLASTERS aimed at?

JUNIOR BLASTER is for boys & girls of all abilities. The aim is to have fun, make friends, learn new games and skills in cricket (catching, throwing, hitting and running) and enjoy sport. The skills you learn will transfer over to many different sports as well as 'game ideals' and learning to 'play as a team'.

How safe is JUNIOR BLASTERS?

The JUNIOR BLASTER program has been developed by Cricket Australia and is adhered to by Kissing Point CC. Each venue has been selected for its suitability to be used for this type of program. If you have a medical and/or a physical condition that may require you needing assistance during the program, make sure you tell us when you register.

What do I get for joining this program?

- Entry into a 11 week program, one day a week.
- Fun and varied program, run by professional coaches and supported by Cricket Australia.
- New cricket skills.
- JUNIOR BLASTERS shirt with your child's name printed on the back, a hat, plastic bat and ball.

What do I wear/take to JUNIOR BLASTERS?

Registered players will get a JUNIOR BLASTERS shirt with your child's name printed on the back, a hat, plastic bat and ball. These items can take a few weeks to arrive. In the interim normal clothing you wear for school sport or physical education can be worn. We will supply all of the playing equipment required for the various activities. Remember to be sun smart and bring a cool drink.

Can my parents/guardian help me?

Yes PLEASE, you will be needed. Parents/guardian can come along and be involved in a supervisory basis and help us out with the activities. In this way you can pick up the skill sets and take the children to your local park at anytime.

JUNIOR BLASTERS

Program 2021/2022

Parents are encouraged to assist by being the bowler in the Bowling/Bat skill set. This provides reasonable balls for the children to bat. Parents can assist with the relays by having a parent at the front of each relay team and counting so as to keep a score for the winning team. Parents should be prepared to be wicket keepers as the children's attention does wander. Please note children's names will not be remembered for several weeks as the activities are fast moving but we'll get there.
